

Religious Exemption

Objectives: At the completion of this section, the learner will know the steps to:

- issue a full religious exemption
- issue a partial religious exemption

Only clinic users at a County Health Department (CHD) can issue a Certificate of Religious Exemption from school-required immunizations. The Certificate of Religious Exemption will be on a form approved by the Alabama Department of Public Health (ADPH) and will be accepted in lieu of the Certificate of Immunization (COI). Steps to issue a religious exemption are as follows:

1. To issue a religious exemption for all vaccines required by school law, a patient must be assigned to your site and have a Chart #. A chart # can be added by clicking “View Patient Details”, “Chart #/Follow Up”, entering a chart number, and click 

Patient Details	Contact Info	Parent Info	Insurance Information	Chart #/Follow Up	Patient Notes
<div><div>Add</div><div>Chart # <input type="text"/></div><div>Site Name TEST IMPRINT CLINIC</div><div>Follow-Up ACTIVE</div></div>					

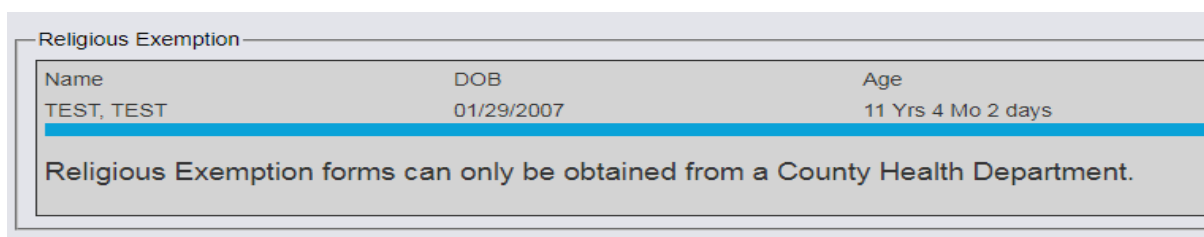

2. Once the patient has a chart number assigned at your site move to the left Menu, and

select Religious Exemption.

If you are not

authorized to issue a religious exemption, the following message will appear:

3. If this is a CHD user, then they should proceed by entering the requestor's information and the reason for objection in the "Requestor Information" section.

The screenshot shows a web form with two main sections. The top section, titled "Requestor Information", contains a "Relationship to Patient" dropdown menu (currently showing "<--Select-->"), and three text input fields for "Last Name", "First Name", and "Middle Name". Below these is a large text area for "Reason for objection (must be added to print form)". The bottom section, titled "Exemption History", features a table with columns: "Exemption Type", "Group", "Written Objection", "Video Reviewed", and "Do Not Vacc Signed". The "Exemption Type" column has a dropdown menu (showing "<--Select-->") and an "Add" button. The "Group" column has a dropdown menu (showing "<--Select-->"). The other three columns each have a checkbox. At the bottom of the form are two buttons: "Update and View Printable Form" and "Cancel".

4. In the "Exemption History" section, the user must first select an exemption type: partial or full exemption, indicated by the selections: "Partial Religious Exemption" and "Religious Exemption, respectively.

A close-up of the "Exemption Type" dropdown menu. The menu is open, showing three options: "<--Select-->", "Partial Religious Exemption", and "Religious Exemption". The "Partial Religious Exemption" option is highlighted in blue.

5. A full exemption will result in the vaccine "Group" field to default to "All". For a partial exemption", the user will need to select a vaccine "Group" from the drop-down menu.

Two screenshots showing the "Exemption Type" and "Group" dropdown menus. The left screenshot shows the "Exemption Type" dropdown menu with "Religious Exemption" selected. The right screenshot shows the "Group" dropdown menu with "Partial Religious Exemption" selected, and a list of vaccine groups: "DTaP", "Hib", "MMR", "Meningococcal", "PneumoPPV", "Pneumococcal Conjugate", "Polio", "Rotavirus", "TD/Tdap", and "Varicella".
